Detailed specification

- Item Code: A03016(112-20)
- Body: Tapered
- Material: Stainless Steel Grade 304
- Material Thickness: 1.2 mm
- Capacity: 20 L
- Handle: Swing Handle
- Top Flange: 10 mm
- Bottom: Reinforced Rim
- Pouring Spout: None
- Lid: Included, Drop-In

05 Frequently asked questions

Does the standard code include a lid?

Yes. A plain A03016 configuration code includes a drop-in lid. The suffix -01 is appended after the closing bracket for the no-lid version.

Does this bucket have a pouring spout?

No. A03016 is the tapered bucket without a pouring spout. A03017 is the separate range with an anti-drip pouring spout.

What is A03016(112-020)-01?

It is the 20 L Grade 304 heavy duty bucket in 1.2 mm stainless steel, with swing handle, without a lid or pouring spout. It weighs 4.147 kg.

Which materials and thicknesses are available?

Grade 304 and Grade 316 stainless steel, and 0.9 mm or 1.2 mm material thickness, are available depending on the published configuration.

How is the rim reinforced?

A03016 has a 10 mm top flange and a reinforcing rim at the bottom.
