Warranty	24 months

05 Specification notes

Configuration description

This heavy duty recessed top preparation table measures 1800mm long x 650mm wide x 900mm overall height to the marine edge. This heavy duty recessed top preparation table provides a contained work area for dry goods sorting and food preparation. The Grade 304 stainless steel top is 1.2mm thick and has a 30mm recess with a marine edge.

The full stainless steel underframework includes cross bracing and round tubular legs with a Ø38.1mm outside diameter. Black plastic adjustable feet provide levelling. Overall height is 900mm to the top of the marine edge, with the recessed working surface at 870mm.

The top has no fall or drainage outlet. Wet food-production applications require liquids to be removed separately.

Choose standard lengths of 1200, 1500, 1800, 2000 or 2400mm and widths of 600, 650 or 700mm. A 750mm width is custom; the initial custom configuration is 2000mm long x 750mm wide.
