01 Product description and specification

Product description

This overhead pre-rinse spray is supplied with mixer taps for use as optional tapware on compatible commercial pot and utensil sinks. Select one assembly per sink where this tapware arrangement is required. It is available as a separately priced recommendation for the B37354 2000mm double bowl utensil sink and the published E22128 double-bay centre pot-sink ranges. Confirm the water supply, mounting position and installation clearances for the selected sink. The sink is supplied separately.

Short Form Specification
