## 05 Frequently asked questions

**Does the standard code include a lid?**

Yes. A plain A03016 configuration code includes a drop-in lid. The suffix -01 is appended after the closing bracket for the no-lid version.

**Does this bucket have a pouring spout?**

No. A03016 is the tapered bucket without a pouring spout. A03017 is the separate range with an anti-drip pouring spout.

**What is A03016(112-020)-01?**

It is the 20 L Grade 304 heavy duty bucket in 1.2 mm stainless steel, with swing handle, without a lid or pouring spout. It weighs 4.147 kg.

**Which materials and thicknesses are available?**

Grade 304 and Grade 316 stainless steel, and 0.9 mm or 1.2 mm material thickness, are available depending on the published configuration.

**How is the rim reinforced?**

A03016 has a 10 mm top flange and a reinforcing rim at the bottom.
