01 Product description and specification

Product description	Flat scoops manufactured from 1.2mm stainless steel. Choose Grade 304 or Grade 316 and five nominal capacities from 250g to 5kg, based on the density of water. Grade 316 pricing is available on request. Published prices exclude VAT.
Short Form Specification	**SPECIFICATION USE** Use this description when specifying this product range. Basterfield A08091 flat scoop manufactured from 1.2mm stainless steel. Material options: Grade 304 and Grade 316. Nominal capacities: 250g, 500g, 1kg, 2kg and 5kg, based on the density of water. Grade 316 pricing is available on request. Standard lead time: 5–10 working days.

02 Configuration options

Capacity (kg)	0.25 kg; 0.5 kg; 1 kg; 2 kg; 5 kg
Material	Stainless Steel Grade 304; Stainless Steel Grade 316

Options vary by model; not every combination is available. Use the product page to select a model.

03 Functional features

01 **1.2 mm stainless steel construction**
Manufactured from 1.2 mm stainless steel sheet.

02 **Grade 304 as standard**
Grade 304 stainless steel is the default material selection.

03 **Grade 316 configuration**
Select Grade 316 stainless steel in any of the five capacities. Pricing is available on request.

04 **Five nominal capacities**
Available in nominal 250 g, 500 g, 1 kg, 2 kg and 5 kg sizes.

05 Water-density capacity basis

Nominal volumetric capacities are based on the density of water.

06 5–10 working day lead time

The standard lead time is 5–10 working days.

04 Application information

Intended applications	Material Handling
Industries	Food & Beverage Processing

05 Supply and support

Typical lead time	5–10 working days
Warranty	12 months

06 Frequently asked questions

What scoop sizes are available?

The published range includes nominal 250 g, 500 g, 1 kg, 2 kg and 5 kg sizes.

How are the stated scoop capacities calculated?

The stated capacities are volumetric and are based on the density of water. The mass of other materials will vary according to their bulk density.

What is the standard material?

The standard scoops are manufactured from 1.2 mm Grade 304 stainless steel.

Is Grade 316 stainless steel available?

Yes. Select Stainless Steel Grade 316 under Material, then choose the required capacity and add the configuration to your quote. Grade 316 pricing is available on request.

What is the lead time?

The standard lead time is 5–10 working days.

Do the displayed prices include VAT?

No. Published prices exclude VAT.
