01 Product description and specification

Product description	The A20915 dolly is designed to move 600 × 400 mm Euro stacking bins in production and storage areas. Its Grade 304 stainless steel frame is fully welded and polished, with raised edges and rounded corners. Six 125 mm castors support the dolly. The centre pair forms a tilting-wheel arrangement for turning, and two stacking channels allow dollies to be stacked when not in use. The recorded load capacity is 350 kg. Overall dimensions are 65 × 41 × 16 cm.
Short Form Specification	SPECIFICATION USE Use this description when specifying this product range. Basterfield A20915(0600-0400). Stainless Steel Dolly for Euro Stacking Bins (60 x 40 cm).
