01 Technical specifications

| PARAMETER            | VALUE  | UNIT | TECHNICAL NOTE                                                                                                                                                                                    |
|----------------------|--------|------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| WC Pan Orientation   | Centre | —    | Select the WC pan position relative to the wash hand basin: left, centre or right. Confirm the handing against the project layout before ordering.                                                |
| Toilet Paper Holder  | Yes    | —    | Optional extra. Select Yes for a unit with an integral concealed toilet paper holder, or No for a unit without it. B17685(C) and B17685(R) exclude the holder.                                    |
| Security Wall Sleeve | No     | —    | Choose whether a galvanised mild steel security wall sleeve with integral anti-escape bars is included. The sleeve is built into the wall and the unit is secured from behind with threaded rods. |

| Configuration description | <p>The Basterfield B17685CT combines a centre-position WC pan and wash hand basin in a one-piece Grade 304 stainless steel unit for prisons, holding cells and detention facilities. The pan position is relative to the basin and should be confirmed against the project layout.</p> <p>The shrouded WC pan encloses the P-trap and has an integral flushing rim designed to prevent contraband storage. The basin has a 40 mm waste outlet, with a 150 mm high rear splashback.</p> <p>This configuration includes an integral concealed toilet paper holder. A security wall sleeve is not included. The unit can be secured through the wall from behind using threaded rods engaging its internal mounting flanges.</p> <p>Security tapware is optional and must be specified in the quotation. The described arrangement uses a concealed flush valve with splashback-mounted push-button operation and a metered spout for handwashing and drinking-fountain use. Confirm mounting access, pan handing and plumbing connections for the selected installation.</p> |
| Short Form Specification  | <div><div><b>SPECIFICATION USE</b></div><div>Use this description when specifying this model.</div></div> <p>Basterfield B17685CT combined WC pan and wash hand basin for secure ablutions.
