01 Product description and specification

Product description	B17744(155UW) is a concealed back-entry 15 mm urinal flush system recommended for the Basterfield B17744(B) bowl urinal. The push-button arrangement is intended for a concealed pipework layout behind the bowl. Specify one flush system per back-entry bowl. The flush system is an optional, separately priced item; the stainless steel bowl is ordered under B17744(B). Coordinate the wall layout, pipework and service access before installation. Typical applications include public and commercial washrooms, schools, universities and restaurant ablutions where a concealed back-entry flush connection is required. The top-entry B17744(T) uses its own recommended exposed valve and offset pipe arrangement.
Short Form Specification	SPECIFICATION USE Use this description when specifying this product range. B17744(155UW) concealed back-entry 15 mm push-button urinal flush system, recommended as a separately priced optional accessory for B17744(B); one system per bowl.
