01 Product description and specification

Product description

The B22330(T3) combines a bedpan sluice and wash-up sink for hospital and care-facility sluice rooms. The unit is mounted on gallows brackets and includes tapware package #3 with a 104 flush valve.

Available in 1830, 2135 and 2440 mm lengths, each with a left- or right-hand sluice outlet.

Other configurations include tapware package #4 with a 104 flush valve and an elbow-operated hot-and-cold medical mixer, and tapware package #2 with a high-level cistern.

Short Form Specification

SPECIFICATION USE

Use this description when specifying this product range.
