01 Product description and specification

Product description	The B22330(T4) combines a bedpan sluice and wash-up sink for hospital and care-facility sluice rooms. Mounted on gallows brackets, it includes tapware package #4 with a 104 flush valve and an elbow-operated hot-and-cold medical mixer. Available in 1830, 2135 and 2440 mm lengths, each with a left- or right-hand sluice outlet. Other configurations include tapware package #3 with a 104 flush valve, and tapware package #2 with a high-level cistern.
Short Form Specification	SPECIFICATION USE Use this description when specifying this product range.
