05 Specification notes

Configuration description

This 1200 mm combination slop hopper sink has a left-hand hopper and integrated basin. The main body is manufactured from 1.2 mm Grade 304 stainless steel. The hopper supports efficient waste removal and is supplied with a 106 flush valve. This configuration includes the bucket grid.

Short Form Specification

SPECIFICATION USE
Use this description when specifying this model.

Basterfield B22336(LTG-112-1200-106). 1200 mm combination slop hopper sink; left-hand hopper; 1.2 mm Grade 304 stainless steel main body; 106 flush valve; bucket grid included.

Detailed specification

- Model: B22336(LTG-112-1200-106)
- Length: 1200 mm
- Main body: 1.2 mm Grade 304 stainless steel
- Hopper orientation: Left-Hand
- Combination basin: Included
- Flush valve: 106
- Bucket grid: Included

06 Frequently asked questions

What is the main body made from?

The main body is manufactured from 1.2 mm Grade 304 stainless steel.

Does every model include a bucket grid?

No. LTG and RTG models include the bucket grid. LT and RT models exclude it and are priced R1,377 ex VAT below the grid-equipped models.

Can I choose the hopper position?

Yes. Choose a left-hand hopper with LT or LTG, or a right-hand hopper with RT or RTG.

Which flush valve is included?

All four 1200 mm configurations listed here include the 106 flush valve.
