01 Product description and specification

Product description	1200 mm combination slop hopper sink with an integrated basin, 106 flush valve and left- or right-hand hopper, made with a 1.2 mm Grade 304 stainless steel main body.
Short Form Specification	**SPECIFICATION USE** Use this description when specifying this product range. Basterfield B22336(112-1200-106), 1200 mm combination slop hopper sink with basin; 1.2 mm Grade 304 stainless steel main body; 106 flush valve; left- or right-hand hopper; bucket grid optional by model.

02 Configuration options

Hopper Orientation	Left; Right
Bucket Grid	No; Yes

Options vary by model; not every combination is available. Use the product page to select a model.

03 Functional features

01 **1.2 mm Grade 304 stainless steel body**
The substantial main body is manufactured from 1.2 mm Grade 304 stainless steel for durable, easy-to-clean service.

02 **Combination hopper and basin**
Combines a dedicated slop hopper and basin in one 1200 mm fixture.

03 **Efficient waste removal**
The hopper provides a dedicated waste-disposal point and works with the included 106 flush valve.

04 **Left- or right-hand hopper**
Choose the hopper orientation that best suits the room layout and working flow.

05 **Bucket grid choice**
LTG and RTG models include the bucket grid; LT and RT models exclude it.

04 Application information

Intended applications	Hospital Sinks, Sluice Rooms (Dirty Utility Rooms)
Industries	Hospitals & Clinics

05 Supply and support

Typical lead time	10–15 working days
Warranty	24 months

06 Frequently asked questions

What is the main body made from?

The main body is manufactured from 1.2 mm Grade 304 stainless steel.

Does every model include a bucket grid?

No. LTG and RTG models include the bucket grid. LT and RT models exclude it and are priced R1,377 ex VAT below the grid-equipped models.

Can I choose the hopper position?

Yes. Choose a left-hand hopper with LT or LTG, or a right-hand hopper with RT or RTG.

Which flush valve is included?

All four 1200 mm configurations listed here include the 106 flush valve.
