01 Product description and specification

Product description	Wall-mounted Grade 304 stainless steel slop hopper with a hinged bucket grid and back-entry flushing connection. Flush valve excluded.
Short Form Specification	**SPECIFICATION USE** Use this description when specifying this product range. Basterfield B22360(BG). Wall-mounted Grade 304 stainless steel slop hopper with a hinged bucket grid and back-entry flushing connection. Flush valve excluded.

02 Functional features

01 Grade 304 stainless steel
Pressed and welded stainless steel with a satin finish provides a smooth surface for routine cleaning.

02 Hinged bucket grid
The rear-hinged grid supports a bucket over the hopper and lifts to provide access for cleaning.

03 Wall mounting
Stainless steel gallows brackets support the hopper while leaving the floor beneath accessible for cleaning.

04 Flushing connection
The back-entry connection suits an installation with flushing pipework routed behind the hopper. A flush valve is not included.

03 Application information

Intended applications	Hospital Sinks, Sluice Rooms (Dirty Utility Rooms)
Industries	Hospitals & Clinics

04 Supply and support

Typical lead time	10–15 working days
