01 Product description and specification

Product description

The B22366(B3-HLC) combines a left-hand wash hand basin and right-hand slop hopper for healthcare and institutional sluice rooms. The fully welded Grade 304 stainless steel unit has a satin finish and an integral rear splashback.

The basin has a 40 mm waste outlet and provision for deck-mounted tapware. The slop hopper has an integral flushing rim, a 110 mm waste outlet and a fold-up bucket grid with rubber stops.

A high-level cistern, stainless steel flush pipe and pull rod provide the flushing arrangement. Heavy-duty gallows brackets support wall mounting. Specify tapware and any installation fittings with the quotation.

Short Form Specification
