05 Specification notes

Configuration description

The B22410(112-1320R) is a freestanding right-hand baby bath for healthcare, maternity, neonatal and institutional settings. It is manufactured from 1.2mm Grade 304 stainless steel with a smooth brushed finish. The semi-circular bowl is on the right when viewed from the front, with an adjacent flat surface on the left.

The listed dimensions are 1320mm (L) x 600mm (W) x 900mm (H). A 150mm rear splashback, rounded edges and stainless steel supporting legs with height-adjustable feet are specified. The feet allow the unit to be levelled during installation.

The bath has a Ø40mm pre-punched waste outlet hole. Confirm the required taps, waste fittings, bowl dimensions and plumbing connections in the quotation. The listed 900mm height and 150mm splashback are separate specifications; confirm the total installation clearance when planning the room layout.

Designed and manufactured in South Africa.

Short Form Specification

- Origin of Manufacture: South Africa
- Installation: Confirm Total Height Clearance, Bowl Dimensions and Plumbing Connections
- Supply Scope: Confirm Required Taps and Waste Fittings in the Quotation

06 Frequently asked questions

Which model is shown on this page?

This page covers the B22410 freestanding baby bath, with 1320mm left-hand and right-hand bowl variants. Both use 1.2mm Grade 304 stainless steel as standard.

Which side is the bowl on?

Choose Left Hand or Right Hand in the configurator. Orientation is viewed from the front; the adjacent flat surface is on the opposite side of the bowl.

Is this a bath mounted on legs or an inset bath?

This model is mounted on supporting legs. It is not the inset version. Confirm the installation layout and any fixing requirements with Basterfield.

What dimensions are specified?

Both handed models are listed at 1320mm (L) x 600mm (W) x 900mm (H), with a 150mm rear splashback. Confirm the total installation clearance and bowl dimensions when planning the installation.

Are taps and waste fittings included?

Both models have a Ø40mm pre-punched waste outlet hole. Include your required taps and waste fittings in the enquiry so Basterfield can confirm the supplied components and any separately quoted fittings.

Can I request a different size or bowl position?

The standard B22410 range offers 1320mm left-hand and right-hand bowl variants in 1.2mm Grade 304 stainless steel. Contact Basterfield about other requirements so availability and specifications can be confirmed in a quotation.

Do both models have adjustable feet?

Yes. Both models have stainless steel supporting legs with height-adjustable feet for levelling during installation.

What finish and bowl shape are specified?

Both models have a smooth brushed stainless steel finish, a semi-circular bowl and rounded edges. They are designed and manufactured in South Africa.
