01 Product description and specification

Product description	TR3 stainless steel toilet roll holder for storing and dispensing rolls in commercial and institutional washrooms. Manufactured from Grade 304 stainless steel, it features a robust satin finish one-piece body for superior durability, hygiene, and corrosion resistance – suited to high-traffic and public-use washrooms in commercial, institutional, or industrial facilities. Key features include: • Manual dispensing to ensure controlled usage and reduced waste. • Frontal sight window for at-a-glance refill monitoring. • No need to open the lid to remove empty rolls – designed for efficient servicing. • Secure lock system with a universal key (included) to prevent tampering and ensure easy access for maintenance. • Three-roll capacity reduces refill frequency, supporting operational efficiency in high-demand environments.
Short Form Specification	SPECIFICATION USE Use this description when specifying this product range. Basterfield B30425(TR3) stainless steel toilet roll holder with three-roll capacity and manual dispensing. Empty rolls can be removed without opening the lid.
