01 Product description and specification

Product description	Floor-mounted paper roll dispenser for workshop and production cleaning areas, with brackets for loading the roll. Manufactured from Grade 304 stainless steel, this dispenser is resistant to corrosion, easy to clean, and designed for high-hygiene environments, including food processing facilities, medical settings, workshops, and industrial applications. Equipped with a razor-edge cutter, the dispenser ensures precise and effortless perforation of paper, reducing waste and improving convenience. Construction and features • stainless steel Construction – Made from Grade 304 stainless steel, offering superior corrosion resistance and durability. • Hygienic and Easy to Clean – Designed for environments requiring high sanitation standards. • Razor-Edge Perforation – Built-in sharp edge allows for easy and precise tearing of paper. • Compatible with Standard Garage Rolls – Designed to fit commonly available garage paper rolls. • Floor-Mounted Design – Ensures stability and durability in high-traffic or industrial environments.
Short Form Specification	SPECIFICATION USE Use this description when specifying this product range. Basterfield B30720. Floor Mounted Garage Roll / Paper Dispenser.

02 Models and configurations

MODEL	DESCRIPTION	PUBLISHED CONFIGURATION
B30720	Garage Roll Paper Dispenser Floor Stand	Standard configuration

03 Application information

Intended applications	Hygienic Wash-Down & Cleaning
Industries	Food & Beverage Processing, General Manufacturing, Research Laboratories

04 Supply and support

Typical lead time	10–15 working days
Warranty	12 months
