| Product description      | <p>Double-compartment PPE dispenser for separating disposable protective equipment and keeping it accessible at workplace entry points.</p> <p>With its two separate compartments, the dispenser enables effective segregation of different PPE items such as gloves, masks, hair nets, or beard covers. The compact format measures 500 mm (L) x 170 mm (W) x 220 mm (H), making it particularly well-suited for smaller spaces whilst still providing generous storage capacity. Its slim depth and low height ensure minimal obstruction when wall mounted, optimising space efficiency in busy corridors or production areas.</p> <p>The design incorporates a hinged top-loading lid to protect contents from contamination while allowing quick and convenient replenishment of supplies. Front viewing slots provide clear visibility of stock levels, helping supervisors and staff to monitor usage and restock before shortages occur. For installation, the dispenser is equipped with keyhole mounting slots, ensuring secure and stable wall fixing whilst keeping PPE easily accessible to personnel.</p> |
| Short Form Specification | <p><b>SPECIFICATION USE</b></p> <p>Use this description when specifying this product range.</p> <p>Basterfield B30840(D). Double Compartment PPE Dispenser. The compact format measures 500 mm (L) x 170 mm (W) x 220 mm (H), making it particularly well-suited for smaller spaces whilst still providing generous storage capacity. The design incorporates a hinged top-loading lid to protect contents from contamination while allowing quick and convenient replenishment of supplies.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
