01 Product description and specification

Product description	The B30840(Q) wall-mounted PPE dispenser separates disposable protective equipment into four compartments. It can organise items such as hair nets, beard covers, gloves, face masks or shoe covers at production-area and changing-room entry points. Overall dimensions are 1000 × 170 × 220 mm. A hinged lid provides access for refilling, front viewing slots show stock levels, and keyhole slots provide the wall mounting points.
