01 Product description and specification

Product description	Wall-mounted double-bowl medical basin for clinical handwashing areas requiring two adjacent basins. Manufactured from Grade 304 stainless steel with a robust 1.2 mm thick construction, this double-bowl basin delivers exceptional durability, superior corrosion resistance, and uncompromising hygiene standards essential for healthcare settings. This purpose-built medical basin features two generously proportioned centre-oriented bowls, each measuring 450 mm (L) x 400 mm (W) x 250 mm (D), providing ample capacity for thorough handwashing procedures and instrument cleaning tasks. Engineered for secure wall-mounted installation, the basin comes complete with heavy-duty gallows brackets that ensure stability and optimal space efficiency in clinical environments. The unit features a standard 40 mm waste outlet for efficient drainage, preventing water accumulation and maintaining hygienic conditions.
