05 Frequently asked questions

What splashback heights are available on the B36644 range?

B36644(D) and B36644(M) have a 50 mm high standard integral splashback. B36644(DE) and B36644(ME) have a 400 mm high extended splashback.

Is the pedestal included?

Yes. Every B36644 model includes a pedestal as standard. Front support legs are not an option for this range.

How do I choose demand or metered operation?

Demand operation supplies water while the foot button is pressed. Metered operation supplies water for a preset period after activation. Demand is the standard valve selection; enable advanced customisation to select either Demand Valve or Metered Valve.

What do the model codes mean?

D means demand valve and M means metered valve. E denotes the extended splashback. The four model codes are B36644(D), B36644(DE), B36644(M) and B36644(ME).
