01 Product description and specification

Product description	Pedestal-mounted wash hand basin with a hand sanitiser dispenser for combined handwashing and sanitising stations. The mounted dispenser allows for the application of sanitizer before hand-washing. The unit can be securely mounted to the floor via the pedestal mounting. The basin is manufactured from stainless steel ensuring the unit can be easily cleaned and maintained in a hygienic condition. The brushed dull polish finish is easy to clean and ensures the unit remains in a sanitary condition. The fully welded design ensures strength but also eliminates crevices and gaps. This reduces areas where dirt can build-up thereby further increasing the hygiene of the trough. Construction and features • Stainless steel pedestal mounted wash hand basin with mounted hand sanitizer dispenser. • The mounted hand sanitizer dispenser allows application of disinfectant prior to hand washing. • A one-piece construction reduces crevices making the wash trough easy to clean and ensuring high hygiene standards are maintained. • The of manufacture and a durable design ensure a reduction in vandalism. • Manufactured from Grade 304 stainless steel with an aesthetic brushed dull polish finish. • The wash trough is easily secured to the floor via the pedestal mount.
Short Form Specification	SPECIFICATION USE Use this description when specifying this product range. Basterfield B36650 stainless steel pedestal-mounted wash hand basin with hand sanitiser dispenser. Floor mounting through the pedestal; fittings and connection arrangement as selected.

02 Models and configurations

MODEL	DESCRIPTION	PUBLISHED CONFIGURATION
B36650(DF-112)	Hand Wash Basin Pedestal Type Hfo-df	Activation Mechanism: Foot Activated Demand / Metered Valve: Demand Valve
B36650(DK-112)	Hand Wash Basin Pedestal Mount Type Hfo-demand Foot Activated	Activation Mechanism: Knee Activated Demand / Metered Valve: Demand Valve
