04 Specification notes

Configuration description

The B36654 wall-mounted wash hand basin range uses Grade 304 (18/10) stainless steel. The published configurations use the existing 350 basin model.

Choose stainless steel gallows brackets alone, or gallows brackets with front support legs. The gallows brackets use 25 mm square stainless steel. The selected mounting arrangement is included in the configuration description.

Quote the selected configuration code and coordinate the wall fixing arrangement with the installation.

Short Form Specification

SPECIFICATION USE
Use this description when specifying this model.

Basterfield B36654(S-G1-SL); wall-mounted wash hand basin, 350 model; Grade 304 (18/10) stainless steel; 25 mm square stainless steel gallows brackets; front support legs included.

Detailed specification	• Model: B36654(S-G1-SL) • Basin model: 350 • Material: Grade 304 (18/10) stainless steel • Gallows brackets: 25 mm square stainless steel • Front support legs: Included

05 Frequently asked questions

Which mounting arrangements can I select?

Choose Front Support Legs: No for gallows brackets alone, or Yes for gallows brackets with front support legs.

Are the brackets part of the selected configuration?

Yes. Both published configurations include stainless steel gallows brackets. The leg-equipped configuration also includes front support legs.

What material is specified?

The basin is Grade 304 (18/10) stainless steel. The gallows brackets use 25 mm square stainless steel.

How should I identify the required arrangement?

Quote B36654S-G1 for gallows brackets alone, or the selected leg-equipped configuration code for brackets with front support legs.
