03 Specification notes

Configuration description

The Basterfield B36658(ME) is a stainless steel knee-operated wash hand basin with metered valve activation. Its Easy Push front panel can be operated with either knee. Water flows for a preset period after the knee panel is activated.

Includes the extended stainless steel splashback. The basin has an aerated gooseneck spout and an easy-mount wall bracket with multiple fixing holes.

This metered model is available under advanced customisation.

Short Form Specification
