01 Product description and specification

Product description	Stainless steel wash hand basin with radiused bowl corners for commercial and institutional handwashing areas. The basin’s overall dimensions of 500 mm length x 420 mm width x 400 mm height provide a substantial washing station with an integrated 50 mm high splashback that effectively protects wall surfaces from water damage. The generously proportioned bowl measuring 440 mm length x 310 mm width x 150 mm depth offers ample washing space while the 26 mm turndown edge ensures water containment and user comfort. Engineered for durability and secure installation, the basin features robust gallows brackets constructed from 25 mm x 25 mm square tubular stainless steel with pre-drilled mounting holes at a 215 mm pitch, ensuring stable wall mounting even under heavy daily use. Optional front support legs are available for additional stability in high-traffic environments. The 1.2 mm steel thickness provides exceptional structural integrity, while the standard 40 mm waste outlet ensures efficient drainage.
Short Form Specification	SPECIFICATION USE Use this description when specifying this product range. Basterfield B36661(S). Wash Hand Basin Stainless Steel with Radiused Basin Corners. Front Support Legs: No, Yes. The basin’s overall dimensions of 500 mm length x 420 mm width x 400 mm height provide a substantial washing station with an integrated 50 mm high splashback that effectively protects wall surfaces from water damage. Optional front support legs are available for additional stability in high-traffic environments.

02 Models and configurations

MODEL	DESCRIPTION	PUBLISHED CONFIGURATION
B36661(S-G1)	Wash Hand Basin Stainless Steel Grade 304 500mm	Front Support Legs: No
B36661(S-G1-SL)	B36661(S-G1-SL) Wash Hand Basin Stainless Steel with Radiused Basin Corners with Front Support Legs	Front Support Legs: Yes
	Front Support Legs: Yes.	

03 Application information

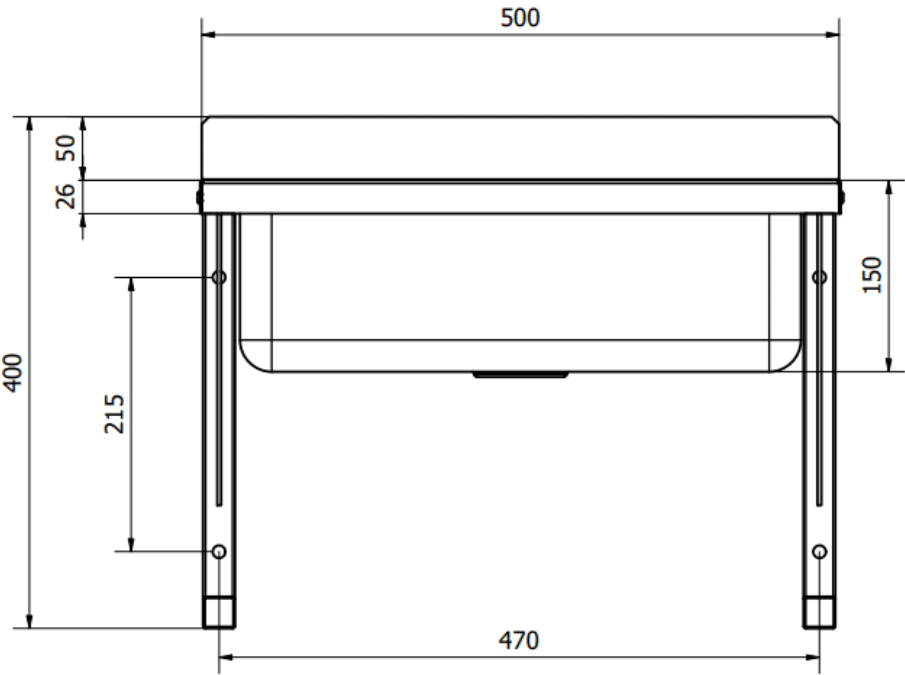

Intended applications	General Handwashing (Wash Hand Basins)
