01 Product description and specification

Product description	1450 mm single-bowl utensil wash sink for commercial and institutional washing areas. Construction and features • Spacious Single-Bowl Design – A large central bowl (1000 mm L x 800 mm W x 450 mm D) provides ample space for cleaning oversized cookware, utensils, and trays. • Optimized for Workflow Efficiency – With an overall size of 1150 mm L x 1000 mm W x 900 mm H, it fits well in commercial setups while maintaining ease of use. • Splashback Protection – A 150 mm high integrated splashback helps contain water splashes, keeping surrounding areas dry and clean. • Tapware Landing – Designed with a dedicated landing for tapware, making it easy to install faucets or pre-rinse spray units. • Fast Drainage System – A 90 mm waste outlet ensures quick and efficient drainage, reducing downtime during busy operations. • Heavy-Duty Durability – Designed for continuous use in high-demand environments, ensuring long-term reliability. This single-bowl utensil sink is the perfect addition to any professional kitchen or industrial cleaning area, offering a balance of functionality, durability, and hygiene.
