01 Product description and specification

Product description	Wall-mounted shoe rack for organising footwear in changing rooms and production facilities. Constructed from durable Grade 304 stainless steel, the unit is corrosion-resistant, easy to clean, and built for long-term use. It features integrated wall-mounting brackets for secure installation and space-saving functionality. The shoe rack’s modular design supports multiple configurations, ranging from 4 to 36 pair capacities, offering flexibility to suit varying operational requirements. This product is suited to use in changing rooms and hygiene-controlled zones, ensuring clean, accessible footwear storage.
Short Form Specification	SPECIFICATION USE Use this description when specifying this product range. Basterfield B38134. Wall Mounted Shoe Racks. Constructed from durable Grade 304 stainless steel, the unit is corrosion-resistant, easy to clean, and built for long-term use. It features integrated wall-mounting brackets for secure installation and space-saving functionality.
