01 Product description and specification

Product description	Heavy-duty towel hook for hanging towels in commercial, institutional and changing-room facilities. Manufactured from Grade 304 stainless steel, it offers excellent corrosion resistance and is suited to use in high-hygiene areas such as hospitals, commercial kitchens, changing rooms, and public washrooms. The hook features a robust two-hook design – a lower and an upper hook – allowing for the hanging of two towels or garments simultaneously. Its solid construction ensures it can withstand heavy daily use without bending or failure. Two precisely placed 6 mm diameter mounting holes enable secure and stable attachment to the wall, minimizing the risk of loosening or damage over time.
Short Form Specification	SPECIFICATION USE Use this description when specifying this product range. Basterfield B38321(H01). Heavy Duty Towel Hook. Manufactured from Grade 304 stainless steel, it offers excellent corrosion resistance and is suited to use in high-hygiene areas such as hospitals, commercial kitchens, changing rooms, and public washrooms. Two precisely placed 6 mm diameter mounting holes enable secure and stable attachment to the wall, minimizing the risk of loosening or damage over time.

02 Models and configurations

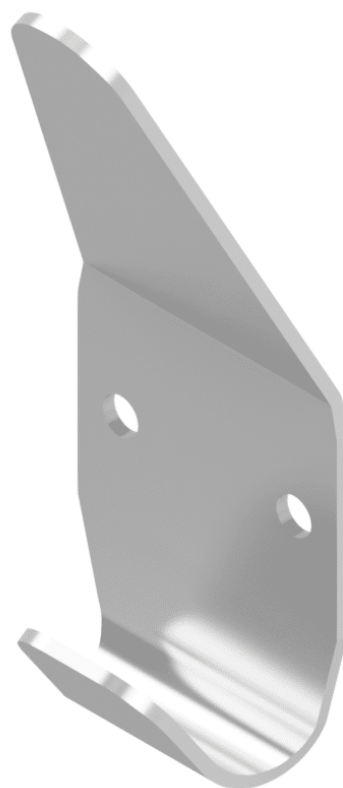

MODEL	DESCRIPTION	PUBLISHED CONFIGURATION
B38321(H01)	This heavy-duty stainless steel towel hook is designed for environments where durability, hygiene, and secure mounting are critical. Manufactured from Grade 304 stainless steel, it offers excellent corrosion resistance and is ideal for use in high-hygiene areas such as hospitals, commercial kitchens, changing rooms, and public washrooms. The hook features a robust two-hook design – a lower and an upper hook – allowing for the hanging of two towels or garments simultaneously. Its solid construction ensures it can withstand heavy daily use without bending or failure. Two precisely placed 6mm diameter mounting holes enable secure and stable attachment to the wall, minimizing the risk of loosening or damage over time. The smooth, easy-to-clean surface reduces the risk of bacterial buildup, supporting stringent hygiene protocols. With a practical design and premium materials, this stainless steel towel hook is a reliable solution for both industrial and commercial applications.	Standard configuration

03 Application information

Intended applications	Change Rooms & Locker Rooms
Industries	Food & Beverage Processing, Hospitals & Clinics

04 Supply and support

Typical lead time	10–15 working days
Warranty	12 months
