Depth (mm)	98	mm	Overall wall-to-front projection, shown in the right drawing.
Height	163	mm	Overall height of the apron hook assembly.
Number of Hooks	10	–	–
Mounting Type	Wall Mounted	–	–

03 Functional features

01 **Grade 304 Stainless Steel**
Manufactured from Grade 304 stainless steel for apron storage in food hygiene areas.

02 **10 Apron Hooks**
Ten hooks provide organised hanging positions along the 1150mm assembly.

03 **Wall Mounted Storage**
Creates a designated apron hanging point without a freestanding rack.

04 **98mm Overall Depth**
The assembly measures 1150mm long, 98mm deep and 163mm high for installation planning.

05 **Food Hygiene Organisation**
Supports designated apron storage in staff change rooms and food processing facilities.

06 **Dimensioned Installation Drawings**
Front and right drawings show the overall dimensions and wall mounting arrangement.

04 Application information

Intended applications	Change Rooms & Locker Rooms, PPE Storage & Dispensing
Industries	Dairy & Beverage Processing, Fish & Seafood Processing, Food & Beverage Processing, Hospitality & Foodservice, Institutional & Contract Catering, Meat & Poultry Processing

05 Supply and support

Typical lead time	10–15 working days
Warranty	12 months

06 Frequently asked questions

What is this apron hook rail used for?
It provides a designated apron hanging point in food hygiene areas, staff change rooms and food processing facilities.

What material is it made from?
The B38322(H10) apron hanging hook assembly is manufactured from Grade 304 stainless steel.

How many hooks does this model have?
The B38322(H10) model has 10 hooks.

What are the overall dimensions?
The assembly measures 1150mm long × 98mm deep × 163mm high. The 98mm depth is the overall wall-to-front projection shown in the right view drawing.

How is the apron hook rail mounted?
The assembly mounts to a wall using the end brackets shown in the drawings. Select a suitable wall and fixings, and set the mounting height to suit the aprons being stored. Sold excluding mounting kits.

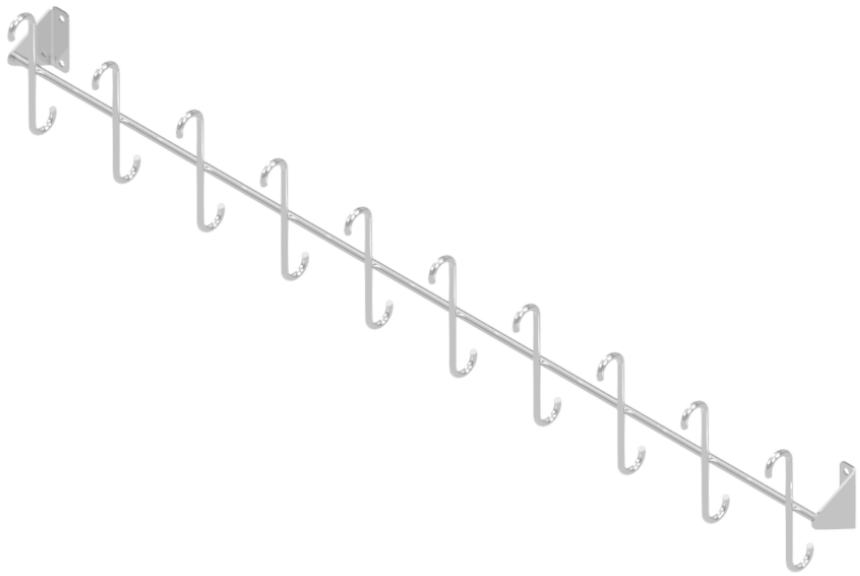

Where can it be used for food hygiene?
Typical locations include food and beverage processing change rooms, meat and poultry facilities, dairy and seafood operations, and commercial catering garment storage areas.

Can clean and used aprons be organised separately?
Position apron storage according to the site's hygiene procedure. Use separately designated storage points where the site requires separation of clean and used aprons.

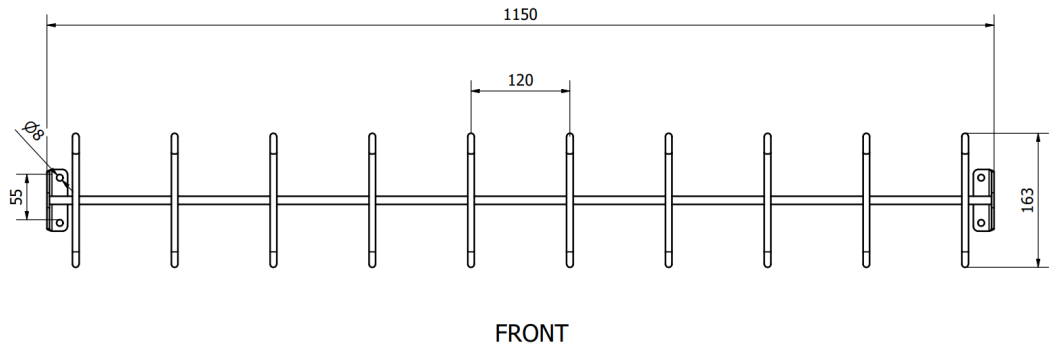

Are dimensioned drawings available?
Yes. Front and right dimensioned drawings are included in the product gallery and specification sheet to assist installation planning.

Are mounting kits included?
No. The apron hanging hooks are sold excluding mounting kits.
