01 Product description and specification

Product description

Security desk for prison cells and secure institutional rooms where a fixed work surface is required.

Construction & material:

The desk is robustly built using welded Grade 304 stainless steel, known for its strength, corrosion resistance, and superior hygiene properties. The entire desk, including the flat writing surface, is fabricated from 3 mm thick steel sheeting, ensuring lasting durability in environments with high usage.

Design:

It is wheelchair-friendly, taking into account the diverse needs of all users.

Mounting:

The desk is securely attached to the floor using gallows brackets, each 4.5 mm thick. Each bracket comes pre-drilled with 2 × 12 mm mounting holes for a robust, secure installation.

Construction and features

Durable Welded Construction: The fully welded construction ensures strength, promises a long service life, and prevents potential damage or breakage.

Secure Installation: Gallows brackets with pre-drilled mounting holes ensure a robust, secure installation, supporting consistent use without compromising on security or stability.

Wheelchair Accessible: The desk is designed to be wheelchair-friendly, ensuring inclusivity for all users.

Application:

The secure penal-ware desk is intended for use in prisons, holding cells, and similar environments where robustness, security, and durability are paramount. It is designed to be used with Basterfield B55130 Prison Stools, securely mounted to the floor.

Designed and manufactured in South Africa.

Short Form Specification

SPECIFICATION USE

Use this description when specifying this product range.

Basterfield B55110 security desk with floor-mounted gallows brackets, 4.5 mm thick. Brackets are pre-drilled with two 12 mm mounting holes each. Overall dimensions and fixings as specified.

B55110

Standard configuration

The secure penal-ware desk is a fundamental piece of furniture in high-risk environments such as prisons and detention cells. Specifically tailored for these scenarios, it delivers safety, hygiene, and durability.

Construction & material:

The desk is robustly built using welded grade 304 stainless steel, known for its strength, corrosion resistance, and superior hygiene properties. The entire desk, including the flat writing surface, is fabricated from 3mm thick steel sheeting, ensuring lasting durability in environments with high usage.

Design:

The security desk is designed with a 50mm downturn for added safety. It is wheelchair-friendly, taking into account the diverse needs of all users.

Mounting:

The desk is securely attached to the floor using gallows brackets, each 4.5mm thick. Each bracket comes pre-drilled with 2 x 12mm mounting holes for a robust, secure installation.

Features:

Durable Welded Construction: The fully welded construction ensures strength, promises a long service life, and prevents potential damage or breakage.

Hygienic Material: The desk is fabricated from grade 304 stainless steel, a non-porous and easy-to-clean material that aids in the prevention of bacterial growth and facilitates a healthier environment.

Secure Installation: Gallows brackets with pre-drilled mounting holes ensure a robust, secure installation, supporting consistent use without compromising on security or stability.

Wheelchair Accessible: The desk is designed to be wheelchair-friendly, ensuring inclusivity for all users.

Application:

The secure penal-ware desk is perfect for use in prisons, holding cells, and similar environments where robustness, security, and durability are paramount. It is designed to be used with Basterfield B55130 Prison Stools, securely mounted to the floor.
