04 Supply and support

Typical lead time	10–15 working days
Warranty	24 months

05 Frequently asked questions

What are the dimensions of B60120?

The unit measures 600 mm in length, 700 mm in front-to-back depth and 850 mm in height.

What material is specified?

B60120 is a heavy-duty Grade 304 stainless steel janitorial sink.

Does it include a hand wash basin?

Yes. A separate hand wash basin is incorporated into the unit together with the large cleaning bowl.

Is the grid included?

Yes. A hinged grid is included over the cleaning bowl. It provides a support surface and lifts for access to the bowl.

What are the waste outlet sizes?

The cleaning bowl and hand wash basin have 40 mm waste outlets. Coordinate the drainage connections for the installation.

How is the unit supported?

The unit is supported on legs and includes protective rubber bumpers. Confirm its positioning and service connections for the site.

Where is it used?

It suits janitorial and housekeeping rooms, healthcare utility rooms and dedicated cleaning support areas in hospitality, catering, education, laundry and industrial facilities.

How should it be cleaned?

Use products and methods suitable for Grade 304 stainless steel and follow the facility cleaning procedure. Allow access around the bowls, hinged grid and surrounding surfaces.
