01 Product description and specification

Product description	Anti-vandal shower panel for public and institutional shower areas. Specify the controls and installation configuration required. Crafted from AISI 304 stainless steel, this shower panel is built for durability, hygiene, and long-term performance. Features & Options • Available in recessed (B75210R610) and surface-mounted (B75210S610) models. • Vandal-resistant design: The showerhead and push-button activation valve are secured from the back of the panel to prevent tampering. • Secure installation: The unit can be anchored using vandal-resistant stainless steel screws at six points. • Customizable setup: Can be supplied pre-plumbed for easy installation. • Valve options: Offers a selection of valves, including those suitable for tempered water applications. • Water-saving showerheads: Various options, including eco-friendly designs, are available to reduce water consumption. • Optional recessed soap dish for added convenience. • Easy installation: Pre-drilled mounting frame designed for walls up to 300 mm thick ensures a hassle-free setup. Proudly designed and manufactured in South Africa, the B75210 Shower Panel is built to withstand heavy use while maintaining a sleek, functional aesthetic.
