01 Technical specifications

| PARAMETER         | VALUE                     | UNIT | TECHNICAL NOTE                                                                                                                |
|-------------------|---------------------------|------|-------------------------------------------------------------------------------------------------------------------------------|
| Working Height    | 900                       | mm   | Floor to the tabletop or working surface; excludes any splashback.                                                            |
| Splashback Height | 300                       | mm   | Height of the splashback above the tabletop or working surface.                                                               |
| Overall height    | 1200                      | mm   | Overall vertical envelope, including the splashback where fitted. For tables and sinks, this is distinct from working height. |
| Number of Bowls   | 2                         | —    | —                                                                                                                             |
| Bowl Orientation  | Centre                    | —    | —                                                                                                                             |
| Material          | Stainless Steel Grade 304 | —    | The primary material used in the construction of the item. Certain components may be manufactured from different materials.   |

01 Technical specifications

| PARAMETER          | VALUE | UNIT | TECHNICAL NOTE                                                                                                           |
|--------------------|-------|------|--------------------------------------------------------------------------------------------------------------------------|
| Material Thickness | 1.2   | mm   | The thickness of the material used for the item's primary construction. The thickness of individual components may vary. |
| Width              | 700   | mm   | The width of the item typically as measured from front to back.                                                          |
| Length             | 1500  | mm   | The length of the item typically as measured from left to right.                                                         |
| Bowl Width         | 500   | mm   | —                                                                                                                        |
| Bowl Length        | 500   | mm   | The length of the bowl typically as measured from left to right.                                                         |
| Bowl Depth         | 250   | mm   | —                                                                                                                        |

02 Dimensions and mass

| PARAMETER      | VALUE | UNIT |
|----------------|-------|------|
| Length         | 1500  | mm   |
| Width          | 700   | mm   |
| Overall height | 1200  | mm   |
| Weight         | 44    | kg   |

03 Model and supply data

|                   |                                                                      |
|-------------------|----------------------------------------------------------------------|
| Parent product    | E22126(DC-E) – Double Bowl Preparation Sink with Extended Splashback |
| Typical lead time | 10–15 working days                                                   |
| Warranty          | 24 months                                                            |

04 Specification notes

|                           |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|---------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Configuration description | <p>Double-bowl preparation sink, 1500 mm (L) x 700 mm (W) x 900 mm working height, with two centre bowls each measuring 500 mm (L) x 500 mm (W) x 250 mm (D). Includes a 300 mm high rear splashback and a pre-punched 1 1/2-inch diameter waste outlet. The work surface, both bowls and rear splashback are manufactured from heavy-duty 1.2 mm Grade 304 stainless steel. The supporting framework and underbracing are also Grade 304 stainless steel.</p> <p>The overall height is 1200 mm including the rear splashback. The unit mass is 43.537 kg. The supplied product image is shared between the Grade 304 and Grade 316-contact-surface variants because the material-grade difference is not visually apparent.</p> |
