Basterfield E22127 stainless steel combination sink. Bowl arrangement, overall dimensions, mounting and tapware to be specified and confirmed with the quotation.

02 Models and configurations

MODEL	DESCRIPTION	PUBLISHED CONFIGURATION
E22127	Conforms to SABS – standards for institution sinks	Standard configuration

03 Functional features

- 01 Hygienic stainless steel construction**
Smooth, non-porous surfaces are easy to clean and suitable for commercial hygiene environments.
- 02 Designed for commercial environments**
Built for repeated daily use rather than light domestic applications.
- 03 Stainless Steel Grade 304 construction, including framework**
Provides excellent corrosion resistance, durability and hygiene in normal commercial kitchen and food-service environments.
- 04 Heavy-duty fabricated construction**
Provides greater rigidity and durability under demanding commercial use.
