Bowl Width	500	mm	—
Bowl Depth	300	mm	—
Splashback Height	150	mm	The height of the raised section designed to prevent water or debris from reaching the surrounding wall.

MODEL	DESCRIPTION	PUBLISHED CONFIGURATION
E22128(TC)	Our Triple Bowl Pot Sink is engineered for demanding commercial kitchens, food processing facilities, and industrial applications. Constructed entirely from high-grade 304 stainless steel, this sink offers unmatched strength, longevity, and compliance with hygiene standards. Its triple-bowl design ensures maximum efficiency, allowing separate washing, rinsing, and sanitizing areas to streamline kitchen operations. Key Features: • Premium 304 Stainless Steel Construction – Built for heavy-duty use, resistant to corrosion, and easy to clean. • Spacious Triple Bowls – Each bowl measures 600 x 500 x 300mm deep, accommodating large pots, trays, and bulk washing needs. • Integrated 150mm Splashback – Protects surrounding walls and surfaces from water splashes. • Full Stainless Steel Framework – Ensures superior strength, hygiene compliance, and long-lasting durability. • Adjustable Stainless Steel Legs – Provides stability and easy levelling on uneven surfaces. • Available in Various Lengths – Customizable to fit different kitchen layouts and requirements. This high-performance sink is designed to withstand the toughest kitchen environments, ensuring efficiency, hygiene, and durability in every use. Whether in a restaurant, hotel, catering facility, or food production plant, it delivers exceptional reliability to keep operations running smoothly.	Standard configuration

04 Functional features

01	Hygienic stainless steel construction Smooth, non-porous surfaces are easy to clean and suitable for commercial hygiene environments.
02	Designed for commercial environments Built for repeated daily use rather than light domestic applications.
03	Stainless Steel Grade 304 construction, including framework Provides excellent corrosion resistance, durability and hygiene in normal commercial kitchen and food-service environments.
04	Heavy-duty fabricated construction Provides greater rigidity and durability under demanding commercial use.

05 Deep pot-washing bowl

Provides the capacity required to wash large pots, pans, containers and utensils that cannot be accommodated in conventional sink bowls.

05 Application information

Intended applications	Pot Washing
Industries	Food & Beverage Processing, Foodservice & Catering

06 Supply and support

Typical lead time	10–15 working days
Warranty	12 months
