Typical lead time	10–15 working days
Warranty	12 months

04 Specification notes

Configuration description

The E23100 is a stainless steel countertop bain-marie for buffet and serving areas. Select a one-, two- or three-division model, or the three-division L3 model with low-water-level protection.

The range uses 3 kW immersion heating with variable heat control. A drain tap, 1.2 m flexible cord and three-pin plug are fitted. Low-water-level protection is specified for the L3 model.

Insert containers and lids are supplied separately. The selected model has its own existing item code, so the division count and L3 option are recorded on the quote.

Short Form Specification

SPECIFICATION USE
Use this description when specifying this model.

Basterfield E23100002; stainless steel countertop bain-marie; 2 divisions; 3 kW immersion heating; variable heat control; drain tap; 1.2 m flexible cord and three-pin plug; inserts and lids supplied separately.

05 Frequently asked questions

Which models can I select?

Choose 1 Division, 2 Divisions, 3 Divisions or 3 Divisions L3. The selected model has its own item code.

Which model includes low-water-level protection?

Low-water-level protection is specified for the three-division L3 model, E23100003L.

Are insert containers and lids included?

No. Insert containers and lids are supplied separately and should be specified with the quotation.

What heating and drainage features are specified?

The range has 3 kW immersion heating with variable heat control, a drain tap, a 1.2 m flexible cord and a three-pin plug.
