01 Product description and specification

Product description

The E24111(S3) electric water urn heats and dispenses water for catering beverage service. It is manufactured from Grade 304 stainless steel and uses a simmerstat switch for heat control.

A draw-off tap with replaceable seat, insulated carrying handles, a 1.2 m flexible cord and a three-pin plug are fitted. Select the required capacity from the published configurations and confirm the electrical requirements for that model.

Short Form Specification

SPECIFICATION USE

Use this description when specifying this product range.

Basterfield E24111(S3). Grade 304 stainless steel electric water urn; simmerstat control; draw-off tap with replaceable seat; insulated handles; 1.2 m cord and three-pin plug. Capacity as selected.
