05 Frequently asked questions

Which capacities are available?

The Type SN beverage dispenser is available in 8L, 10L, 12L, 15L, 20L, 25L, 30L, 35L, 40L, 50L, 60L or 75L. The capacity is shown in the model code; for example, E24116(025) is the 25L model.

What can the dispenser be used for?

It holds and dispenses juices, milk, water and other beverages in catering and food service settings.

Can it be carried when full of hot beverages?

Yes. Insulated side handles allow the dispenser to be carried even when it holds hot beverages.

How is the dispenser cleaned?

The stainless steel body has smooth edges and no crevices, which prevents deposits from building up. The draw-off tap is designed to be easy to clean.
