01 Technical specifications

| PARAMETER          | VALUE                     | UNIT | TECHNICAL NOTE                                                                                                                                                                       |
|--------------------|---------------------------|------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Height             | 1000                      | mm   | The standard working height is 900 mm, measured from the floor to the worktop. Advanced customisation offers 850 mm or 1000 mm working heights.                                      |
| Material           | Stainless Steel Grade 304 | –    | The primary material used in the construction of the item. Certain components may be manufactured from different materials.                                                          |
| Material Thickness | 1.2                       | mm   | The worktop is Grade 304 stainless steel, 1.2 mm thick. Advanced customisation offers 1.5 mm or 2 mm worktops.                                                                       |
| Length             | 500                       | mm   | The length of the item typically as measured from left to right.                                                                                                                     |
| Width              | 600                       | mm   | The width of the item typically as measured from front to back.                                                                                                                      |
| Undershelf         | No undershelf             | –    | Undershelf specification for the selected table product. Grade 304 or 430; solid in 0.9 or 1.2 mm, other constructions in 1.2 mm only. Tubular uses formed open-section sheet metal. |

01 Technical specifications

| PARAMETER         | VALUE | UNIT | TECHNICAL NOTE                                                                                                                                                                                  |
|-------------------|-------|------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Splashback Height | 300   | mm   | The rear splashback is 150 mm high as standard. Advanced customisation offers 300 mm or 450 mm splashbacks, measured above the worktop. The splashback runs along the rear edge of the worktop. |
