01 Product description and specification

Product description	Basterfield E25144(112). A Grade 304 heavy-duty preparation table for commercial kitchens, healthcare utility rooms, laboratories, pharmaceutical support areas and abattoir preparation areas. The worktop is Grade 304 stainless steel, 1.2 mm thick. Advanced customisation offers 1.5 mm or 2 mm worktops. Stainless steel frame with adjustable feet. Lengths of 500, 900, 1200, 1500, 1800, 2000 or 2400 mm, and widths of 600, 650 or 700 mm are available. The rear splashback is 150 mm high as standard. Advanced customisation offers 300 mm or 450 mm splashbacks, measured above the worktop. The splashback runs along the rear edge of the worktop. The standard working height is 900 mm, measured from the floor to the worktop. Advanced customisation offers 850 mm or 1000 mm working heights. Supplied without an undershelf. Select a separate solid, slatted, perforated or tubular undershelf product when storage is required. Whole-table Grade 304, Grade 430 and Grade 316 ranges are separate product alternatives, rather than material customisations. A Grade 430 undershelf does not change the specified worktop grade.
