05 Frequently asked questions

What is the E25380 wall bench used for?

The E25380 provides a wall-mounted work surface for preparation and general work in commercial kitchens and production areas.

What are the work surface dimensions?

The work surface measures 1200mm long × 600mm wide.

What material and thickness are used?

The bench is manufactured from Grade 304 stainless steel with a material thickness of 1.2mm.

How is the wall bench supported?

Gallows brackets support the bench at the wall, keeping the area below accessible for floor cleaning.

What should be checked before installation?

Check the available wall space against the 1200mm × 600mm work surface. Confirm the mounting height, wall suitability, fixing method and intended loading before installation.
