- Castor Diameter (mm): 125 mm

05 Frequently asked questions

How many containers can the trolley accommodate?

The frame accommodates up to four Dish 'n Tote containers. Specify the required containers with the quotation.

Which castor sizes are published?

The two published configurations use four non-marking swivel castors in either 100 mm or 125 mm diameter.

How do I specify shelves and the side bin?

State the containers, removable stainless steel shelves and side-mounted bin required with the quotation. The published trolley configuration identifies the castor diameter.

Is this the trolley with deep stainless steel trays?

The E26157 is the Dish 'n Tote container trolley. The E26168 is the separate range for deep stainless steel trays.
