01 Product description and specification

Product description	Mobile stainless steel pedal bin for waste collection with foot-operated lid opening in commercial and institutional facilities. Constructed entirely from stainless steel, this bin offers exceptional corrosion resistance, ensuring longevity and suitability for demanding settings. It features pedal-operated hands-free functionality, promoting optimal hygiene by minimizing direct contact. Mobility is enhanced by two smooth-rolling castors for easy repositioning, complemented by front support legs for stability during use. The robust design is available in various capacities to cater to diverse needs, from compact spaces to high-volume waste disposal requirements. This versatile pedal bin seamlessly integrates functionality, cleanliness, and durability, making it an essential addition to any hygiene-conscious facility.
Short Form Specification	SPECIFICATION USE Use this description when specifying this product range. Basterfield E26260. Mobile Pedal Bin Stainless Steel. Capacity: 20 L, 30 L, 40 L, 50 L, 75 L. Mobility is enhanced by two smooth-rolling castors for easy repositioning, complemented by front support legs for stability during use.
