07 Frequently asked questions

Which shelf lengths and widths are available?
Lengths are 500, 800, 1000 and 1200 mm. Widths are 250, 300 and 350 mm. All twelve length and width combinations are published.

What material and thickness are used?
The shelf is manufactured from Grade 304 stainless steel with a material thickness of 1.2 mm.

How is the shelf supported?
Gallows brackets support the wall-mounted shelf, and pre-punched mounting holes are provided.

What should be checked before installation?
Check the intended position and shelf size, wall suitability, fixing arrangement and intended loading. Confirm any required load rating or fixing-supply details for the actual installation before ordering.
