01 Product description and specification

Product description	Adjustable stainless steel shelving for organising supplies and equipment in commercial and institutional storage areas. Robust & Hygienic Construction Manufactured from 1.2 mm Grade 304 stainless steel, the shelving system is corrosion-resistant, easy to clean, and highly durable. The wall bands and shelves are designed to withstand heavy loads while maintaining a sleek, professional appearance. The smooth, non-porous surface makes it suited to hygiene-critical environments where cleanliness is a priority. Modular & Adjustable Design The slotted wall bands, available in 500 mm, 1000 mm, 1500 mm, and 1800 mm heights, are securely bolted to the wall, providing a strong and stable mounting system. The shelves feature integral brackets that easily slot into these bands, allowing for quick and effortless height adjustments to accommodate various storage needs. The dual-slot design of the wall bands enables additional bands to be installed, extending the shelving system for expanded storage capacity. Versatile Shelving Options • Available in two widths: 300 mm and 400 mm. • Available in two standard lengths: 900 mm and 1200 mm. • Choice of solid or perforated shelves, catering to different storage needs. • Each shelf is designed with a 25 mm front turn-down and a 30 mm rear upstand, preventing items from slipping off and ensuring secure placement. Construction and features • Adjustable stainless steel shelving with flexible height configurations. • Wall-mounted system with slotted wall bands for secure and stable installation. • Available wall band heights: 500 mm, 1000 mm, 1500 mm, 1800 mm. • Shelf sizes: • Widths: 300 mm or 400 mm. • Lengths: 900 mm or 1200 mm. • Dual-slot wall bands allow for additional shelving extensions. • Heavy-duty 1.2 mm Grade 304 stainless steel ensures strength, hygiene, and corrosion resistance. • Choice of solid or perforated shelves, providing customization for different storage requirements.
