04 Supply and support

Warranty	12 months

05 Frequently asked questions

Which capacities are available?

The listed capacities are 225, 300 and 500 litres. State the required capacity when requesting a quotation.

Does the product include a motorised mixer or agitator?

The E28301 range combines a boiling pan with a motorised mixer or agitator. Specify the required mixing action, drive, speed and controls for the intended product and batch with your enquiry.

What should I provide for a quotation?

Provide the required capacity, product to be processed, intended batch quantity, heating and mixing requirements, available electrical supply, space constraints and preferred discharge arrangement.

Does capacity determine the electrical and heating specification?

No. Capacity identifies vessel size. Provide your heating, mixing and site-service requirements so the complete equipment configuration can be specified in the quotation.

E&OE. Specifications are subject to change without notice.
