05 Specification notes

Configuration description

The Basterfield E55810(0350S) is a 350 mm long x 300 mm wide countertop drip tray, 35 mm high, manufactured from Grade 304 stainless steel. A removable perforated insert sits above the collecting tray, which drains through a side spout.

Position the tray on the countertop with the side spout directed towards a suitable drainage collection point. Allow clearance around the spout and confirm the drainage arrangement for the installation.

This model is supported on stainless steel feet.

Short Form Specification

> **SPECIFICATION USE**
> Use this description when specifying this model.

- Width: 300 mm
- Overall height: 35 mm
- Material: Grade 304 stainless steel
- Insert: Perforated and removable
- Drainage: Side spout
- Support: Stainless steel feet

06 Frequently asked questions

Which sizes are available?

Choose 350, 450 or 650 mm length and 200 or 300 mm width. All six models are 35 mm high. The original E55810(0350S) model is 350 x 300 x 35 mm.

How does the tray drain?

Position the tray on the countertop with the side spout directed towards a suitable drainage collection point. Allow clearance around the spout and confirm the drainage arrangement for the installation.

Can the insert be removed?

Yes. The perforated insert lifts out of the collecting tray.

Is this the 40 mm BSP waste-outlet range?

This range drains through a side spout. For a centre outlet suitable for a 40 mm (1½″ BSP) waste fitting and pipework below the counter, select the separate E55810(W) range.

VERIFICATION REQUIRED Published values are provided for initial specification. Confirm the selected model, critical dimensions, site services, clearances, and the latest document revision with Basterfield before procurement, manufacture, or installation. E&OE.
