01 Product description and specification

Product description

1800mm fish preparation and cleaning station with two 500 × 600mm inset chopping boards, a 300mm deep basin, 150mm rear splashback and right-hand waste outlet. Optional overhead rinse available separately.

Short Form Specification

SPECIFICATION USE
Use this description when specifying this product range.

Basterfield F88920(1800R) Fish Preparation and Cleaning Station. 1800mm length × 650mm width, 900mm specified height, with a 150mm rear splashback. Two inset chopping boards, each 500mm × 600mm. Basin depth: 300mm. Waste outlet orientation: right hand. Optional 04TM-PRS0001 overhead pre-rinse spray with mixer taps supplied separately.

02 Technical specifications

PARAMETER	VALUE	UNIT	TECHNICAL NOTE
Length	1800	mm	Overall station length as specified.
Width	650	mm	Overall station width as specified.
Specified Height	900	mm	Specified station height. Rear splashback height is listed separately.
Splashback Height	150	mm	Height of the splashback at the rear of the station.
Splashback Configuration	Rear	–	Splashback positioned along the rear of the station.

02 Technical specifications

PARAMETER	VALUE	UNIT	TECHNICAL NOTE
Chopping Board Quantity	2	–	Two inset chopping boards are included in the specified station.
Chopping Board Length	500	mm	Length of each chopping board; each board is specified as 500mm × 600mm.
Chopping Board Width	600	mm	Width of each chopping board; this is separate from the 650mm station width.
Chopping Board Installation	Inset	–	The chopping boards sit inset within the station top.
Bowl Depth	300	mm	Specified basin depth; basin length and width are not inferred from the station dimensions.
Waste Outlet Orientation	Right Hand	–	Right-hand waste outlet orientation for this model. This describes the outlet and does not specify a connection size.

03 Functional features

01 **Two Inset Chopping Boards**
Two chopping boards, each 500mm × 600mm, provide defined surfaces for manual fish preparation.

02 **300mm Deep Basin**
The basin brings washing and cleaning access into the preparation station.

03 **150mm Rear Splashback**
A splashback along the rear edge helps contain splashes towards the back of the workstation.

04 **1800mm × 650mm Station**
The specified station footprint combines the chopping-board area and basin in one unit.

05 **Right-Hand Waste Outlet**
The right-hand outlet orientation helps define the drainage layout when planning the installation.

06 **Optional Overhead Pre-Rinse**
Add item 04TM-PRS0001 for an overhead pre-rinse spray with mixer taps. One assembly per station is recommended when selected; it is supplied separately.

04 Application information

Intended applications	Food Preparation Workstations
Industries	Fish & Seafood Processing, Food & Beverage Processing

05 Supply and support

Typical lead time	10–15 working days
Warranty	12 months

06 Frequently asked questions

What is this station used for?

F88920(1800R) is a manual fish preparation and cleaning station. It combines two inset chopping boards with a basin for preparation and washing tasks in fish and seafood work areas.

What are the station dimensions?

The specified dimensions are 1800mm length × 650mm width × 900mm height, with a 150mm rear splashback. Allow installation clearance for the station and its rear splashback.

How many chopping boards are included?

The specified station includes two inset chopping boards. Each board measures 500mm × 600mm.

How deep is the basin?

The basin is 300mm deep. The 1800mm × 650mm dimensions describe the station.

Which side is the waste outlet on?

This model has a right-hand waste outlet. Confirm the required waste connection size and fittings when ordering.

Is an overhead rinse included?

The overhead pre-rinse spray with mixer taps is an optional extra, item 04TM-PRS0001, supplied separately. Select it under Add optional extras when adding the station to a quote.

How many optional rinse assemblies should I select?

One overhead pre-rinse assembly is recommended per station when required. The optional-extra quantity scales with the number of stations selected.

Why does one image show no chopping boards?

The second illustration shows the basin with the chopping boards omitted so the basin layout can be seen. The specified station includes the two 500mm × 600mm inset chopping boards.

What should I include in a quotation request?

Include the required quantity, delivery location, site water and waste connections and any optional rinse requirement. The station is priced on request.
