01 Product description and specification

Product description	The H50145(C) mobile veterinary autopsy table is designed for small-animal post-mortem examinations. Grade 304 stainless steel construction includes a tubular supporting frame and a brushed-finish top. The top has a 30 mm recess and falls towards the waste outlet. Underbracing supports the slab, and an underside bitumastic coating provides sound deadening. Four lockable castors allow the table to be moved and positioned. Confirm the required dimensions and waste connection for the examination area.
Short Form Specification	SPECIFICATION USE Use this description when specifying this product range. Basterfield H50145(C). Grade 304 stainless steel small-animal autopsy table; brushed finish; tubular frame; four lockable castors; 30 mm recessed top falling towards waste outlet; slab underbracing and underside sound deadening.
