01 Product description and specification

Product description

Heavy-duty dressing and embalming trolley with an extended top for mortuary preparation areas.

H722202000E Heavy Duty Dressing & Embalming Trolley With Extended Top

Manufactured from high-grade stainless steel, the dressing & embalming trolley ensures hygienic conditions and an easy-to-clean unit. The worktop has a brushed finish ensuring the surface can be easily cleaned thereby making sure the unit can always be kept in a sanitary condition. The trolley features a durable stainless steel tubular frame which maximises durability and ensures the unit is able to withstand continued and arduous use. Four heavy-duty castors, 150 mm in diameter, are supplied to ensure the embalming trolley can be easily moved and positioned. The castors are able to pivot freely ensuring movement of the trolley is possible in all directions. The castors are lockable allowing the trolley to be locked in position preventing the trolley from accidentally moving.

The dressing & embalming trolley features a 1200 mm wide worktop allowing additional workspace when required. The sides can be folded down to allow the trolley to pass through standard doorways or for space-efficient storage. The worktop is sound-deadened with a vermin proof bitumen backing. Coffin retaining brackets can be supplied at additional cost. We also supply a range of other stainless steel mortuary equipment, including instrument cabinets, writing tables, wash-up sinks and more!

Construction and features

- Extended top offers a 1200 mm wide tabletop.
- Sides can be folded down to allow the trolley to pass through standard doorways.
- Durable stainless steel tubular construction ensures a long-lasting dressing & embalming trolley.
- Trolley supplied with four 150 mm diameter lockable castors.
- Coffin retaining brackets are available as an optional extra.
